

RESEARCH PARTICIPANTS WITH VISUAL IMPAIRMENTS NEEDED FOR A STUDY ABOUT PHYSICAL EDUCATION

A research team from **Old Dominion University** is seeking participants for a study to examine the physical education experiences of youth with visual impairments. This year-long study (May 2021-April 2022) will include 2 interviews with a research member, diary entries, monthly email communication, and two short surveys. Interviews may be conducted on the phone or via video call. Preference of the participant will be utilized. All data collection will take place electronically, there is no need to meet face-to-face for participation. Participants who complete the study will be offered gift cards up to **\$250.00**.

Qualifications to participate in the study include:

- Be between 12-17 years of age.
- Identify as having a visual impairment.
- Not have a social, physical, or intellectual impairment.
- Received physical education in general integrated classes with peers without disabilities.

For more information, or if you would like to participate, please contact **Justin**
